Activities

Student Inn

Concert Choir

The Concert Choir is a selected group of 50 voices from the College Chorus. They tour the state in musical concerts and are featured many times on radio and television.

Girl's Octet

A group of eight girls who are much in demand for special programs of various natures. They also constitute the women's section of the A Cappella Choir.

Men's Octet

A group of eight men who are kept busy singing for conventions over the state, week-end revivals, and many miscellaneous programs. They have sung concerts for many civic groups. These eight men also constitute the male section of the A Cappella choir.

College Chorus

The College Chorus is made up of all students who love music and love to sing. There were 100 voices in the chorus this year. This group was also the oratario choir. They present Handel's "The Messiah" each year and numerous other programs for the public.

Piano Department

Many Campbellsville College students are serious students of music, and enjoy the study of piano. They have found the following to be true: "Our delight in a particular art or science rises and improves in proportion to the application which we bestow upon it". Thus, what was at first an exercise, becomes at length an entertainment. "Music improves, exalts and gladdens life."

The A Cappella Choir is a small choir chosen for balance and blend of voices with quality for a cappella singing. They are featured on radio and television. This choir is also used for long distance tours into other states. This same group is also the personnel for our Madrigal Choir.

A Cappella Choir

Orga

The organ department has grown the last few years and shows promising results in the future. In addition to studying organ literature and the many types of techniques used

Department

in playing, the student also learns to adapt piano music to the organ. The organ has been correctly called the king of instruments.

B S U Choir

The B. S. U. Choir presented musical programs throughout the year in socials, sunrise services, radio broadcasts, and revivals. Ronald Wilburn directed the twenty voice choir.

This is the ninth year of consecutive broadcast, six-days a week, thirty minutes a day over WTCO. On the first day of broadcasting of WTCO Campbellsville College began its radio program. Three days a week the chapel programs are on the air; two days a week are used by the Music Department under the direction of Professors Harper and Adkins. Saturday programs are dedicated to Bible Storytime, produced by Mrs. John M. Carter, who is Radio Director of the college.

Radio Broadcast

BSU Council

The Baptist Student Union is the link between the college and the church. Every Baptist in college is a potential member of the B.S.U. and he becomes an active member when he joins a Baptist church in the educational center or joins the Sunday School, Training Union, or the Y.W.A. The B.S.U. serves the college community and seeks to promote spiritual development of the students through Bible study, prayer, church membership, and Kingdom advancement. It makes college life Christian, spirituality pre-eminent, student friendship happy, and student Christianity maximum. Yes, the B.S.U. is all this and more.

Each month the "Witness" staff publishes the B.S.U. paper, the "Witness", which contains all B.S.U. news, a personality on the campus, and other items of interest.

Witness Staff

Young Women's Auxilary

The College Y.W.A. is an organization for all girls in the dormitory. It sponsors many things throughout the year: teaching at colored school, visiting nursing home, visiting shut-ins, and the G.A. Houseparty. The primary objectice of the Y.W.A. is to sponsor missions.

Ministerial Association

The Ministerial Association seeks to uphold Christian Education on the campus. Members have helped to supply pulpits and preaching points all over the county and state. There is also a constant preaching maintained at the Taylor County Jail. The association members have distributed many Bibles and tracts, and also contributed to charity and flood relief.

SCIENCE MATH CLUB

The Science and Math Club is a scholastic organization to create interest in science and mathematics in the student body. Coming in contact with the different fields of science helps the student to choose his vocation in science.

The Home Ec Club is designed to correlate class activities with extra curricular activities of the students, enabling the members to take field trips, observe demonstrations and films, participate in social affairs, and other activities which enrich their opportunities for training in home economics during college.

HOME ECONOICS CLUB

FUTURE TEACHERS ASSOCIATION

The department of education for the training of elementary and secondary teachers is one of the largest departments in the college. An F.T.A. was organized in the college this year as a part of our program. The group is concerned with the profession of teaching in the elementary and secondary schools. All students in teacher education are eligible for membership. Educational tours and an annual banquet are some of the major activities.

The goal of the Pep Club is to promote School Spirit and enthusiasm in our student body and to cheer our team on to a good ball season.

PEP CLUB

Echo Staff

The College Echo is published six times yearly by the students of Campbellsville College. The campus views, sports, and features are echoed to our student body, friends, and prospective students.

Foreign Students

Campbellsville College is fortunate in having ten foreign students representing China, Cuba, Korea, Formosa, Southern Rhodesia and South Africa and have made a definite contribution to our college in charm, intellect, religious zeal and desire for knowledge. Photographed with the students is Miss Beulah Graham, Faculty Sponsor.

Campbellsville College Industry

At the present there are approximately one hundred students enrolled in the college industries. The industry program makes it possible for worthy and able students, who due to financial circumstances are otherwise unable to attend college, to work their way through school. The factory provides handicraft material for vacation Bible schools, scout groups and recreation centers; also aluminum truck covers, and dry line markers for athletic areas and parking zones.

A Factor(y) In Education

Sports

Banner Tiger Season

The Campbellsville College Tigers, under the tutelage of Coach Bill Miller staged a resurgence to the fore of junior college basketball. This team which compiled an enviable 18-8 record was formed around the nucleus of Dick Whitis, Bill Reece, Bill Nallia, Bob Wonder, and Herb Hawkes.

In a cage campaign that must be termed a heart-swelling success, the Miller Men had their moments of abject despair. With the Kentucky Junior College Championship all but in their grasp, the Tigers were caught on an "off night" by a weak conference foe and had to settle for the K.J.C.C. runner-up spot. The Bengals vied to show the conference "who was who" in the past season tourney only to be stopped by a team they had twice beaten during regular season play.

But all in all, Campbellsville posted double wins over 4 opponents and with one exeption, defeated every team on the schedule at least once. One opponent tasted the Tigers' wrath 3 times.

LEFT TO RIGHT: Coach William Miller, Jack Wallace, Bill Reece, Ralph Romans, Jim Ringstaff, Bennie Keen, Tony Badgett, David Hyde, Bill Nallia, Dick Whitis, Bill Mason, Bob Wonder, Herb Hawkes, Milt Williams, and Managers Lawrence Ford and George Ellers. Donnie Cothran was absent.

OUR College Friends

Our college friends, the business men and women of Campbellsville, occupy a place in our hearts where formerly their counterparts in each of our home towns stood. They have solicitously greeted us, not as strangers, but with a humanly interested spirit. Whenever in need, they have extended us a gracious nod of the head and an ever-opened door. For these and numerous other reasons, we cherish our college friends.

We like to have people visit us...

THE fact that so many of our friends visit the Taylor County Bank is evidence that we have plenty of time to discuss their problems and attempt to find the solutions. We like to have them come in and they know it. Our customers find us helpful -- and that is mutual.
